The Genuine. The Original.

Standard features and benefits

Integrated Wi-Fi with OHD Anywhere[®]

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.*

OHD Anywhere[®] is compatible with most iOS and Android mobile devices.

Features include:

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere[®] app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere[®] app allows control of multiple OHD Anywhere[®] Wi-Fi integrated garage door openers

DC power

DC motor operates with variable speeds for soft start and stop; providing smooth, quiet operation and less wear and tear on your garage door.

CodeDodger[®] access security system

Selects a code from billions of combinations each time a remote or wireless keypad are used. Helps prevent piracy of the radio signal for the utmost in security.

Easy programming

Quick, simple limit setting for faster installation.

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation and reducing frequency interference.

Self-diagnostic Safe-T-Beam[®] System

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

C-channel rail

Operator rail designed for strength; conceals rotating belt or chain for better aesthetics.

Lighting system

Optional Overhead Door[™] LED bulb available. 60 Watt max if incandescent bulbs used.

Compatible with both HomeLink[®] and Car2U[®] systems – works with current and all previous versions. No additional external repeater kit or compatibility bridge needed.

Convenience options

Garage door opener LED bulb

Designed specifically for garage door openers. Offers less or no opener remote interference and longer life than common LED or CFL bulbs.

39492R

2-button LED flashlight remote

This remote features a powerful LED flashlight and operates up to two Overhead Door[®] CodeDodger[®] openers.

39647R

Digital wireless keypad

Lighted keypad features a flip up cover and lets you control up to three garage door openers.
