GARAGE DOOR OPENERS

Integrated with
OHD **ANYWHERE**

Model 2029/2129

Model 2129B/2029B

Power, Reliability and Convenience with a Choice of Belt or Chain Drive

- Built with design flexibility in mind, choose to have your opener with or without integrated Wi-Fi or battery backup; also choose between a belt or chain rail to suit your preference
- Durable performance with a 24V DC motor that operates most residential sectional doors up to 10' high and weighing up to 500 lbs.
- Quiet DC motor featuring soft start and stop combined with C-channel rail delivers smooth and quiet operation
- Bulb is positioned toward the inside of the garage for light where you need it most
- Optional integrated lighting available on Models 2129L and 2129BL

The Genuine. The Original.

Standard Features and Benefits

DC Power

DC motor operates with variable speeds for soft start and stop; providing smooth, quiet operation and less wear and tear on your garage door.

CodeDodger[®] Access Security System

Selects a code from billions of combinations each time a remote, wireless keypad or wireless wall console is used. Helps prevent piracy of the radio signal for the utmost in security.

Easy Programming

Quick, simple limit setting for faster installation.

Patented Auto Seek Dual Frequency Technology

The opener listens for both the 315 or 390 MHz frequency emitted by the remote, wireless keypad or wireless wall console, allowing reliable operation and reducing frequency interference.

Self-Diagnostic Safe-T-Beam[®] System

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

C-channel Rail

Operator rail designed for strength; conceals rotating belt or chain for better aesthetics.

Lighting System

Optional Overhead Door[™] LED bulb available. 60 Watt max if incandescent bulbs used.

Compatible with both HomeLink[®] and Car2U[®] Systems

Works with current and all previous versions. No additional external repeater kit or compatibility bridge needed.

6' Power Cord (Model 2029)

For high ceiling applications

Models 2129/2129B

Smart Garage Door Openers Integrated with OHD Anywhere[®]

Remotely monitor and control your sectional garage door from almost anywhere with your smart device.*

OHD Anywhere[®] is compatible with most iOS and Android mobile devices.

Features include:

- Ability to monitor the door position (open or closed) and any change to the position
- Allows multiple user accounts to give others virtual access to your garage door
- Ability to know if an authorized user is operating the door with the OHD Anywhere[®] app
- Time-based features allow you to schedule door operation
- Maintains access history report for each opener
- The OHD Anywhere[®] app allows control of multiple OHD Anywhere[®] Wi-Fi integrated garage door openers
- See website for complete list of smart home system partners

Models 2029B/2129B

Battery Backup Included

The Overhead Door[™] Battery Backup unit provides peace-of-mind during a power outage.

Models 2129B/2129BL

Integrated Lighting Included

Provides bright, maintenance-free lighting. No bulb changes required. Designed to eliminate remote interference caused by some LED bulbs.

California Residents:

As required by California State Law SB-969, all newly installed openers must have battery backup as of 07/01/2019.
